

Search results for details and implementation status of applicable recalls, etc.

Entered chassis number [ZRR70-0068733]

[Search results]

The details and implementation status of recalls related to the vehicle you entered are as follows.

No.		Content	Notification date (start date)	Implementation status
1		Regarding Takata airbag recall	Reported on October 26, 2016	Implemented
2		Recall for Crown Majesta, Crown, Mark X, Noah, and Voxy	Reported on October 15, 2014	Implemented

We sincerely apologize for the inconvenience caused to our customers.

If all items are displayed as "Completed," the recall work has been completed, and there is no need to bring the product in for repairs.

We apologize for any inconvenience this may cause to customers who have items marked as "not yet completed," but we ask that you contact your dealer as soon as possible to arrange a date and time for your repair.

If you have any questions, please contact your local retailer or the Customer Service Center listed below.

If you do not know where your nearest retailer is, please use the ["Retailer Search" function](#).

【please note】

- * Recalls and improvement measures were searched from information from January 1999 onwards, and service campaigns were searched from information from January 2002 onwards.
- * After a recall, improvement measure, or service campaign repair work is performed, it may take more than two weeks for the product to be reflected in search results.
- * The implementation status shows the implementation status of repairs in Japan.

If you wish to continue searching, please enter the chassis number and press the "Search" button.

Chassis number -

(half-width alphanumeric characters) (half-width alphanumeric characters)

example: ABC123 - 1234567
