CLAIMS PROCEDURE

It's simple...

1 CONTACT US

Call our contact centre or make a claim through our website as soon as the fault becomes apparent to report the issue.

2 DIAGNOSIS

Take your vehicle to your nearest garage to authorise a diagnostic test and an estimate for repair. Please email the diagnostic report and estimate for repair with the registration number the vehicle is registered to including a breakdown of costs for parts, labour costs/hours inc VAT to Claims@nationalwarranties.co.uk

3 AUTHORISATION

Please contact us before progressing with the repairs as we are unable to consider your claim afterwards. Once our liability is established, we'll provide an email detailing the approved repairs.

4 REPAIR COMPLETE

Following the repair, you or the repairer must send a copy of the repair invoice addressed to National Warranties Ltd to Claims@nationalwarranties.co.uk along with any additional documents we requested.

Please ensure that the following information is supplied:

- Your vehicle registration number, along with your name and address
- A description of the suspected faulty part, including part numbers if possible
- The date the part failed
- An itemised repair estimate, clearly showing any diagnostic charges, including parts, labour and VAT
- Any printed on-board diagnostic (OBD) reports

Your warranty will only cover the cost of diagnostics and dismantling if we agree that these costs can be included in your claim. If not, you will be responsible for paying these charges. Once we receive all the required information, we will confirm with you and your repairer whether the repair costs are covered under your warranty. If they are, we will authorise the claim amount. If necessary, you are responsible for any costs that exceed the approved amount.

If your vehicle cannot be driven to a repairer, and you are away from your home, you may use our emergency 24/7 roadside assistance and recovery service. To use this service, phone **03330 522 702**.

IMPORTANT INFORMATION

In addition to the terms on the previous page, there are some other important things you need to be aware of when requiring claims assistance:

Claim Conditions

1. We reserve the right to contact garages to discuss potential liabilities, and nominate the garage and or the supplier of the parts. We also reserve the right to use guaranteed reconditioned or exchange parts, and to send any parts away for reconditioning or inspection
2. Where the repair or replacement of the parts or assemblies brings about improvement or betterment of the vehicle, we reserve the right to require a contribution from you towards the cost of the repair at our reasonable discretion. We will discuss this with you before the repairs commence, taking into account the current age and mileage and the cost of restoring the vehicle to its pre-breakdown condition.
3. If the cause of the failure is not evident from the diagnosis, your vehicle may need to be stripped or disassembled to some extent for a claim to be considered. This will only be done on your authority, and the cost will remain your responsibility until the claim is authorised.
4. To establish liability, there may be times when we need to instruct an independent assessor to inspect and report on their findings. The results of these findings are final and binding on all parties. If, following specific arrangements, the vehicle is not available or the assessor is unable to carry out the report (for instance, if the vehicle is not stripped), we will deduct fees for the second inspection visit from the authorised claim amount.
5. Repair times are calculated in line with the repair times definition on the contents page at the agreed labour rate. Our liability will be based on the repair times as shown for the specific repair.
6. All faults must be registered with us immediately.
7. You may be required to provide proof of servicing with a recent service invoice from a VAT-registered garage before a repair can be considered.
8. You have 45 days from the date of the authorisation to complete the repairs and submit the invoice to us for payment. After this time, the claim will be cancelled, and no reimbursement is possible.
9. This warranty is limited to one repair of each covered part. If more than one part has failed at the time your claim is agreed, it will be dealt with as one claim.
10. In the event of a false or fraudulent claim, your warranty will be invalidated. We also reserve the right to prosecute in all cases.

GENERAL CONDITIONS

General Conditions

1. No part of this document may be altered without our consent. Your warranty is in addition to any legal rights that may apply.
2. Your warranty is governed by English law, and this is the law we use unless you ask us for another and we agree to it within 30 days of the date that your cover starts. Any communications regarding your cover will be in English.
3. You must give us all the information and help that we require in order to provide service under your plan. This also applies where we wish to enforce any rights against any manufacturer, repairer, supplier, or other party.
4. You must comply with all of the terms and conditions of this warranty, including 'Your Obligations'. Any liability we may have depends on your compliance with these terms and on the truth of your statements.
5. If you give us incorrect information, we may consider your application fraudulent and reserve the right to cancel it with no reimbursement. Where we have made any payments as a result of your dishonesty or exaggerated behaviour, your cover will be invalidated with immediate effects and you will not receive any reimbursements. We also reserve the right to take legal action against you to reclaim any repair payments made. Any legal proceedings will be held in the courts of England and Wales.
6. You must allow us free access to examine the vehicle at all times.
7. You're responsible for authorising the repairer to commence the work required and for paying the costs involved if the work proves that the repair is outside of our liability.
8. Subject to our approval and at our absolute discretion, we'll offer you the opportunity to upgrade your cover (where eligible) within 4 weeks of you taking it out, and also the opportunity to renew up to 30 days before your cover ends. If you'd like to be notified of these communications, we will assume you have permitted us to contact you by taking out this warranty.
9. We will not tolerate abuse, slander, false allegations, or otherwise untoward behaviour under any circumstances and may cancel your cover at our discretion if any such behaviour occurs. In these instances, we also reserve the right to begin legal proceedings to reclaim costs for any damages incurred should we deem necessary.
10. We reserve the right to retract a claim authorisation without giving a reason.

OTHER IMPORTANT INFORMATION

Payments and premiums

If you are upgrading or renewing your cover with us directly, we can take payment by debit or credit card. If you choose our monthly payment option, the initial minimum term is 12 months.

Transferring your cover to a new owner

If you sell your vehicle, you can apply to transfer your cover to the new owner providing they don't work in the motor trade. A £25 admin fee applies. Please email accounts@nationalwarranties.co.uk with the new owner's details and vehicle registration number, and we will contact you to take payment.

Cancellation

You may cancel your cover within 14 days of the start date. If the cover was purchased through a dealer, any applicable dealer refund warranty will apply. If it was purchased directly from us, a full refund will be provided, as long as no claims have been made during this period. After 14 days, refunds are no longer available. This does not apply to lifetime ownership warranties.

Discretion

We use our own discretion to ensure that you receive a fair and equitable resolution to every claim you make. If, after following the complaints procedure below, you feel that your complaint has not been resolved satisfactorily, our Directors will be the final arbiters for the exercise of this discretion. This does not affect your statutory rights.

Your personal data

We are the Data Controller in respect of any personal information you supply, which means that we have a legitimate interest to collect, store, and share your data amongst our group of companies to administer your cover and provide you with a service for these reasons. We may need to share it with repairers, dealers, suppliers, or other parties where required. We also use your data to contact you for purposes relating to your cover, direct marketing, or to improve our services (opt-in required), or for legal, regulatory, or crime prevention purposes. You have the right to access and rectify information held about you. You can change your permissions at any time, too, by contacting us. For full details on the data we collect, how we use it, and your rights, please visit nationalwarranties.co.uk/privacy. For any data queries, please email: admin@nationalwarranties.co.uk

Complaints

Occasionally, things do go wrong, and there might be an instance where you're not happy with our service or the decision on your repair. Before you do anything else, please allow us to investigate and put things right by sending your complaint to admin@nationalwarranties.co.uk. Your complaint will be acknowledged within 3 working days and responded to within 14 working days, although it is usually much sooner.

In addition to the information above, please review our full Terms and Conditions. Please note that we may occasionally amend this warranty, including updates to component coverage, wording, or to ensure compliance with new laws and regulations. The most up-to-date version of our Terms and Conditions is available upon request by emailing admin@nationalwarranties.co.uk

YOUR OBLIGATIONS

To keep your warranty valid, there are a few things you must do:

- Have your vehicle serviced regularly as per the manufacturer's guidelines by a VAT-registered garage. You've got 28 days or 1000 miles (whichever comes first) from the service due date to have it completed. Your vehicle must also be kept in a roadworthy, legal condition and insured, with a valid MOT and taxed.
- Keep hold of the service invoices, as we may require them if you need to make a claim.
- Carry out any routine maintenance as required. We won't pay for any repairs if your vehicle isn't maintained properly.
- Follow the claims process in this document. It's really easy, but we cannot stress how important this is for your claim to be considered. If you need assistance, please call us on 03330 522 702.
- Don't ignore any warning lights that appear on your vehicle, as you could make the problem worse, which may affect our decision. Any faults which might be covered must be reported to us immediately.

YOUR COVER WILL BE INVALIDATED IF YOU DON'T COMPLY WITH THESE OBLIGATIONS!
